angled

- Grinding and finishing in one operation
- Fine surface finish

Thanks to the unique combination of two important product properties, the VSK VISION delivers major advantages for the surface finishing of stainless steel. It combines an alternating abrasive cloth and non-woven abrasive on one disc. This makes decorative surface finishing (non-woven abrasive) possible with simultaneous material abrasion (abrasive cloth) – saving the operator an entire process step. Optimum revolutions: 3,000–3,500 rpm

Type designation	VSK F
Article designation 1	Flap discs
Article no.	304146
GTIN	4011890113417
Content	10
Content unit	Piece
Product dimensions	125 x 22,23
Diameter 1	125 mm
Hole	22,23 mm
Shape long version	Angled grinding disc
Shape short version	angled
Grain flap SU	A80
Grain flap non-woven	medium
Felt hardness (D)/ flap thickness (H)	/
Grain size non-woven/grain size flap	A80/medium
Working speed	80 m/s
Maximum revolutions	12250 U/min
Machine suitability	Freehand angle grinder
Technologies	BRAINTOOLS VISION
Safety and application identification	Iron and sulphur free ≤ 0.1%
Product category number	PK05
Product category text	LS
GTIN barcode packing unit	4011890113424
Type of packaging	Carton
Packing unit	1
Package length	130 mm
Package width	130 mm

Package height	170 mm
Weight of packing unit	0,010 kg
Customs tariff number	68053000
